

To which information will you issue the invoice and how do I get it?

- 2022-12-14 - Πληρωμές

At the last step of the order process, you can choose between invoice or receipt and you can fill in the billing information for this order.

- In case of a receipt, the document will be issued to the information you select, during your new order or renewal.

- In case of an invoice, the billing document will be issued to the information you insert during your new order or renewal.

You may use different billing information for each purchase you make at Papaki by filling in the form each time with the information of your choice. If you have already made an order at Papaki, the billing information you had inserted has been saved and in this way you can select to use it (2nd step of the order process) in future purchases.

The document you choose (invoice or receipt), will be sent to the administrator email.
