

## When and how often do I get paid?

- 2022-12-17 - Affiliates

Payments will be made on the 15th of each month by our accounting department. For example, if your commission is approved for deposit on February and you claim your payment on February 10th, then the payment will be made on February 15th. If your commission is approved on February and you claim your payment on February 16th, then the payment will be made at the 15th of March. In case of holiday or weekend, the payment will be made on the next working day.
