

## Is there any maintenance cost, not included in the price of each plan?

- 2019-03-12 - WooCommerce eShop

No way! At PapakiShop.gr there are no "hidden costs". We do not charge you with any additional costs for improvements or maintenance operations on our platform, that aims to improve your eShop's performance.

You just pay the amount shown on the eShop plan you are interested in. [Check the eshop plan prices here>](#)
