

## Is there an extra cost if I pay with bank deposit/money transfer?

- 2022-12-14 - Πληρωμές

For purchases with bank deposit from abroad or Greece, any commission or transaction fees charge the customer and not the company. This cost depends on the bank and not Papaki and it is not included in the registration price.

e.g. A .EU domain costs 8€ + VAT + the bank commision if the customer chooses to pay with bank deposit instead of credit card of another payment method. View all [payment methods](#) at Papaki
