

How do I make my payment via Piraeus Bank web-banking?

- 2022-12-13 - Πληρωμές

In order to make your payment at Papaki via web-banking, use the Electronic Payment Code, which you find in the ordering email (or in the Control Panel if it is a service renewal / upgrading).

Specifically, the procedure you should follow is:

1. Login to [Piraeus Bank web-banking](#).

2. In your account's administrative environment, select "Payments" in the menu that appears to the left and then "By category". After selecting the "Internet Services" category, find and select "Papaki" from the list as shown below.

The screenshot shows the Piraeus Bank web-banking interface. The top navigation bar includes the 'winbank' logo, the date 'Τρίτη, 22 Ιανουαρίου 2013', and a user profile section with the name 'Σωζουμε 170 δέντρα'. The left sidebar contains a menu with 'Πληρωμές' (Payments) selected and highlighted in red. The main content area is titled 'Ανά Κατηγορία' (By Category) and displays a grid of categories with their respective counts. The 'Υπηρεσίες Internet' (Internet Services) category is highlighted in blue, and the 'Papaki.gr' sub-category is highlighted in red. Below the grid, a list of sub-categories for 'Υπηρεσίες Internet' is shown, including 'SPITI-ΟΙΚΙΑ', 'SUPERWEB.gr', 'UP2U', 'WEBPROFILE', 'ZERONE.net', 'ΕΙΚΟΝΑ & ΗΧΟΣ ΤΗΛΕΠΙΚΟΙΝΩΝΙΕΣ ΑΕ', 'ΕΛΛΑΣΤΕΛΙΒΕΡΥ', and 'ΟΤΕΝΕΤ Α.Ε.'. The bottom of the page shows a progress bar and a dropdown menu for 'Ενημερωθείτε...'

3. After selecting the billing account, fill in your name, e-Payment Code and payment amount and click "Continue" to complete the process.
